

QUIET

Looking for a quiet place to study? Check out the library! The library staff want to make the main level of the library a quiet place for study. When on the main floor of the library, keep voices down, and take conversations outside or to the lower level. Thank you!

BATTERY CHARGERS

The library has battery chargers for students to check out in the library to charge devices not close to electrical outlets.

TABLES

Two new tables were added to the library for more study space. We hope to add two more this semester. In addition, seat cushions were added to some existing table seating. Please let us know how we can improve your study experience in the library.

BOOK REVIEWS

The library is accepting book reviews of books from the New Bookshelf (see list below). If your review is accepted, you will receive a \$50 gift card from the campus store, and the review will be published in our library newsletter. [Contact the library for book review style guidelines.](#)

WHITEBOARDS

Whiteboards and markers are available for use in the library. Please ask for them at the service desk.

FREE BOOKS

Free books are frequently available in the library. They are on carts marked "Free Books." These books often come from donations to the library or from books weeded from our collection.

RESEARCH HELP

The library offers personal research help sessions for students upon their request. Please contact us to make an appointment. The library also has research instruction videos available on the [library website](#).

Library Service Desk: 706-865-2134 x2200, library@truett.edu.
